IE-Weston Federal Services

Weston's Small Business Program Received an Exceptional Rating from DCMA in December 21, 2016

Weston Solutions, Inc. was recently audited by the Defense Contract Management Agency (DCMA) for its Small Business Program effectiveness and compliance in developing, mentoring and utilizing Small Business Concerns under its Federal prime contracts. DCMA recognized Weston with an "Exceptional" rating, the highest of five ratings available.

Weston Solutions is proud to partner with Indian Eyes, LLC through the SBA Mentor-Protégé Program (2017). Our clients know when they work with us they can count on our uncompromising commitment to quality and safety, and our innovative approaches for saving time and money.

DUNS 190894845 **CAGE 37UF0**

Celebrating our 60th Anniversary in 2017, Weston is an environmental management company serving federal, state and local government, and commercial/industrial clients. Our depth of expertise spans a range of specialties for core product offerings in environmental services and infrastructure improvement.

Weston's 1,100 employees are located in 30 offices around the United States, providing local solutions throughout the nation with access to global resources and support.

Weston achieves long-lasting client relationships through reliable delivery of essential project support. Work for federal agencies includes a wide range of services from emergency response and investigation to remediation services for federal, state and local governments, and commercial and industrial clients. Weston supports economic revitalization, infrastructure development, and privatization.

Weston's leadership in the environmental services industry includes a broad range of management and compliance, due diligence, redevelopment, and environmental remediation services for industrial clients in manufacturing, pharmaceuticals, oil and gas, and power.

IE-WESTON
Federal Services
Delivering Solutions Nationwide

IE-WESTON Federal Services (IEWFS) is a Small Business Administration (SBA) Mentor-Protégé Joint Venture (JV) Team. We offer the combined knowledge and expertise of Indian Eyes, LLC and Weston Solutions. With over 40 years' combined experience serving DOE clients, we provide a wide array of services across the DOE complex, including transuranic (TRU), low-level, classified, and mixed waste management operations; environmental restoration management and high-hazard remediation; nuclear facility management; facility support; security services; and regulatory compliance. Our clients include DOE, DOD, EPA, other federal and state agencies and the private sector. We also serve many Tribes with a deep and shared respect for customs and traditions.

Strengthened by our Mentor-Protégé status, IE-Weston Federal Services delivers quality products and services safely, on-time, and within budget. We offer the benefits of a small business driven to achieve superior customer service and the reach-back capabilities and resources of a leading large environmental services company.

IE-WESTON Federal Services

Services & Expertise

Indian Eyes, LLC was founded in 2005 and has grown by dedicating optimal talent and resources to each project. Our project management systems meet the stringent requirements of federal procurements. We emphasize safety, responsive customer service, and excellence in contract performance.

We have the capabilities and capacity to support complex projects, and we have demonstrated the value of our services through successful completion of contracts in 42 states. Based on our past performance, we have earned unique contracting opportunities. For example, in 2015, we supported the U.S. Army National Guard in providing Life Support Services to ensure the security of Pope Francis during his U.S. visit.

Today Indian Eyes is ranked among the top 50 small businesses in Washington State and Top 100 Native American businesses in America. Other distinctions include:

- 2016 Top 100 8(a) owned Business in America
- 2013-2016 Top 100 Native American Business
