

4P ARCHITECT-ENGINEERING (A-E) SERVICES CONTRACT

Air Force Center for Environmental Excellence and
Weston Solutions, Inc.

USING THE AFCEE 4P A-E SERVICES CONTRACT

Contract Number: F41624-03-D-8622

Program Ceiling: \$1.1 Billion

Duration: 5 years for placement of new task orders (through 2/08); 8 years for placement of task orders for recurring requirements; 2 additional years past these end dates are authorized for performance.

Contract Type: Task Orders (ID/IQ)

Delivery Order Types: Firm Fixed Price, Fixed Price Incentive Firm, or Time and Materials

The Air Force Center for Environmental Excellence provides their customers with a complete range of world class environmental, architectural and landscape design, planning and construction management services and products. These worldwide planning, program, and design contracts support the AFCEE four pillars (4P): environmental conservation and planning, environmental quality, environmental restoration, and design and construction. The 4P A-E Contracts offer a full range of Title I, Title II, and other architect-engineer services to support environmental and traditional programs at locations worldwide.

BENEFITS

Benefits to AFCEE customers using the 4P A-E contract include:

- Technical support to develop statements of work, plans, and cost estimates.
- Ready access to in-place, qualified, and experienced A-E firms with staffs located worldwide.
- Oversight of contract and cost administration.
- Flexible work scope and contract types.
- Technical assistance and project oversight.
