

Air Force Center for Engineering and the Environment (AFCEE) Environmental, Construction, and Operations and Services 2009 (ECOS09)

Sullivan-Weston Services, JV (SWS)

- ▶ **Contract Number:** FA8903-10-D-8599
- ▶ **Start Date:** November 2009
- ▶ **Contract Types/Description:** Task Order (ID/IQ). Task Orders are typically competed on a best value basis, unless under \$100k and then can be directed.
- ▶ **Duration:** 5 years for placement of new task orders; 2 additional years past these end dates are authorized for performance.
- ▶ **Program Ceiling:** \$350 million
- ▶ **SWS Joint Venture:** In 2008, Weston Solutions, Inc. (WESTON®) and Sullivan International Group, Inc.(SULLIVAN) entered into a Small Business Administration (SBA) Mentor Protégé Agreement in response to their federal customers' efforts to increase the level of participation by small businesses in government contracting. Under the SBA's Mentor Protégé Program, Sullivan & WESTON formed a joint venture, Sullivan Weston Services (SBS), that is recognized as an 8(a) entity. This relationship offers federal agencies another vehicle to assist in their Small Business Contracting Goal attainment and commitments to our nation's small business community. SWS provides a unique vehicle to offer federal customers the combined resources, financing, and business systems of both companies while having the ability to operate as a single small 8(a) business entity.
- ▶ **Scope of Work:** This AFCEE contract provides their customers with a full range of methods, technologies, and supporting activities necessary to conduct environmental restoration/remediation, operations and services efforts to address environmental sites and/or conditions at Air Force installations, and a limited range of construction and ancillary services as required in support of those and other efforts.

Requirements under this contract will primarily support environmental restoration/remediation, operations and services efforts; but requirements may also include traditional minor construction, demolition, and repair.

Stand-alone design and conceptual work plan/implementation work plan (CWP/IWP) are NOT included in the scope of this contract.

Requirements shall be carried out as specified under TOs at locations worldwide, with emphasis on the Continental United States (CONUS).

Construction and Environmental Construction

- Construction—Traditional minor construction and SRM of utilities, real property systems and infrastructure
- Environmental Construction—Environmental construction, remediation, restoration, abatement, and demolition of utilities, real property systems, and infrastructure
- Repair
- Facility Demo and Site Enhancement
- Environmental Repair
- Environmental Facility Demo, Site Enhancement and Restoration

Operations and Services

- ESOHCAMP
 - Air Quality
 - Cultural Resources
 - Hazardous Material
 - Hazardous Waste Management
 - Natural Resources
 - Pollution Prevention
 - Sustainable Development and Operations Support
- Sampling, Testing, Analysis, and Monitoring
 - Sampling
 - Testing and Analysis
 - Evaluation of Environmental Monitoring and Testing Equipment
 - Precision Leak Testing
 - LTM and LTO&M
 - Process Monitoring
 - Recordkeeping
 - System Optimization
 - Sampling for Remedial Action
- Pesticide Management
- POL Management
- Integrated Solid Waste Management
- Storage Tank Management
- PCB Related Services
- Asbestos-assessment and Removal
- Radon and Related Products
- Lead Based Paint and Lead
- Waste Water and Storm Water
- Water Quality
- Environmental Management Systems
- Ordnance Removal and Disposal
- Range Operations and maintenance
- Facility Demolition
- Energy Management
- Community Involvement Programs
- Warranty of Installed Equipment and/or Systems
- Training
